Commonwealth of Massachusetts

HAMPSHIRE, SS.

To either of the Constables of the Town of Huntington
in said County, GREETING.

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the Inhabitants of the town of Huntington, in said County, qualified to vote in town elections and town affairs, to meet at the town hall, in the said Huntington, Monday, the FIFTH day of February, A. D., 1934, (it being the first Monday of February) at thirty minutes past seven o'clock in the forenoon, then and there to act on the following articles, to wit:—

Article 1. To choose a Moderator to preside in said meeting.

Article 2. To bring in and deposit their votes for a Town Clerk, Town Treasurer, three Selectmen, one Selectman 1 year, one Selectman 2 years, one Selectman 3 years, who shall also constitute the Board of Public Welfare, a Collector of Taxes, three Constables, Tree Warden, Library Trustee for three years, a member of the School Committee for three years, a Trustee of the A. P. Pettis fund for three years, a Director of the Hampshire County Extension Service for one year, an Assessor of Taxes for three years, a Trustee of the Whiting Street fund for three years, and all on one ballot; also, on the same ballot to vote "YES" or "NO" in answer to the question:

"Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?"

The polls will be opened at fifteen minutes of eight o'clock in the forenoon and may be closed at four o'clock in the afternoon.

The consideration of the articles in the warrant except that of voting, will be taken up at ten o'clock in the forenoon.

Article 3. To elect three or more fence viewers and three or more field drivers.

Article 4. To choose such town officers as are not required by law or vote of the town to be chosen by ballot.

Article 5. To hear the report of the Town Clerk, Town Treasurer, Selectmen, Board of Public Welfare, School Committee, Library Trustees, Trustees of the Whiting Street Fund, Superintendent of Schools, Sealer of Weights and Measures, Finance Committee, Trustees of the A. P. Pettis Fund, Assessors of Taxes, Town Accountant and any other town officers or committee, and act thereon.

Article 6. To see if the town will vote a special appropriation for the enforcement of the laws to prevent the illegal sale of liquor or other violation of the liquor laws.

Article 7. To see if the town will choose a Committee to function under any vote that may be passed under Article 6.

Article 8. To raise and appropriate such sums of money as may be necessary to defray the expenses of the town the ensuing year.

Article 9. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of revenue of the current financial year.

Article 10. To see if the town will authorize the Selectmen to prosecute and defend matters in which the town has an interest, or to appear in favor or opposed to matters involving the town's interest and employ Counsel.

Article 11. To see if the Town will vote to use the whole or any part of the dog fund for the Public Library.

Article 12. To fix the compensation of the Collector of Taxes.

Article 13. To see if the town will vote in favor of a Finance Committee, to fix the number thereof and to determine the manner of its choice.

Article 14. To see if the town will vote to allow the use of the town hall free of expense, to any Basketball club.

And you are directed to serve this warrant by posting attested copies thereof at each of the usual places in said Town for posting such notices, seven days at least, before the time for holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk, at the time and place of meeting as aforesaid.

Given under our hands this eleventh day of January, A. D., 1934.

TIMOTHY J. KIRBY,

WALTER G. LYMAN,

WALTER M. SHAW,

Selectmen of Huntington.

NOTE:—Additional Articles may be added to the posted warrants.

Appreciation

Vote of thanks, adopted at the annual town meeting February 6, 1933.

That the thanks of the voters in annual town meeting assembled, be and hereby extended to the Finance Committee for the efficient services which they have rendered the past year. Giving of their time, thought and services without compensation it is appropriate that the town record should show that their efforts are appreciated.

Members of the Finance Committee:

Wilson A. Munson, Wilbert T. Moore, William Wall,
Henry Carmel, Chester H. McKinney.

A RESOLUTION

Resolution—Frederick James Heine.

Whereas: the moderator of the annual town meeting held the sixth day of February nineteen hundred and thirty three, by a unanimous vote of the citizens present, has invested in us the privilege of drawing up resolutions for our late townsman

FREDERICK JAMES HEINE and

Whereas: his life here was spent, so ably and willingly, taking an active and leading part in our social and religious work, and

Whereas: he served this township with foresight and sound judgment as selectman, and

Whereas: he was taken from us while endeavoring to upbuild the community by his interest in local manufacturing;

BE IT HEREBY RESOLVED

That a page be reserved in the records of the town clerk for this memoriam to our distinguished friend.

Signed,

MORTON O. CHAMBERLIN

JOSEPH G. OLIVER

CLAYTON H. KYLE

Committee

Selectmen's Report

To the Citizens of the Town of Huntington:

We were fortunate in keeping most of the appropriations within the allotted amounts during 1933, but there were a few overdrafts which could not be avoided. The Village Streets and Winter Work appropriation was overdrawn during the last week of December due to the heavy snow storm which involved a large expenditure of money to clear away the snow. The deficit in Interest and Discount Account was due to the high rate of interest on borrowed money. The Vocational Education account is based on \$150.00 per pupil a year and at the present time there are three pupils attending Vocational schools from this town. Due to the fact that the number of pupils who will attend Vocational schools during the year is not known at the time our budget is compiled, it is difficult to estimate the amount of money which will be expended for this particular item.

We have had some relief in our Welfare Department owing to the large number of men who have been put to work under the C. W. A. At the present time the cases which we have on the Welfare are those which we would have regardless of the conditions existing in town. These cases include Old Age Assistance, Mothers' Aid, and a few Welfare cases. Even with the small number which we have at present, the approximate cost to the town for Welfare would be \$4500.00 per year.

It was our good fortune to secure \$10,000 for the Civil Work Administration which we are using to good advantage on Pleasant, Pine, and Crescent Streets. These streets are being excavated and refilled with gravel and will be greatly improved when they are finished. It would be a decided improvement if we could hard-surface these streets in the spring. At the present time we have about fifty men at work, each earning \$15.00 per week.

We also have been allotted approximately \$2300.00 under the C. W. A. for women's work. At the present time we have about twenty-five women working and earning \$12.00 per week each.

The Selectmen meet regularly every Friday evening at 7:30 o'clock in the town office. We wish to take this opportunity to impress upon the townspeople the importance of interviewing the Selectmen in the town office at the above stated time to transact any business which they may have. We feel certain that the public will be better satisfied by complying with this request as more time can be devoted to their particular problems if they are brought to our attention during our regular meeting time. We sincerely trust that the citizens of the town will cooperate with us in this respect.

Our appreciation is extended to the citizens of the town of Huntington for the fine spirit of cooperation which has always been manifest.

Respectfully submitted,

TIMOTHY J. KIRBY

WALTER G. LYMAN

WALTER M. SHAW

Selectmen of Huntington.

ALICE M. KYLE,

Town Accountant.

Finance Committee's Report

In the reading of this report the Finance Committee wishes to make clear the thought that the past year has without doubt been a most unusual one. Due to adverse conditions financial burdens never before approximated in the history of the town had to be dealt with. The greatest of these was that pertaining to Public Welfare. This item was however, met with emergency measures resulting in a satisfactory disposition.

It is with considerable pleasure that the Committee reports a decidedly more favorable outlook for the coming year. Various Federal projects have already lessened the unemployment situation and this along with the current trends of recovering business should result favorably concerning the town's financial condition for the ensuing year. Acting upon this impetus it was recommended that town officials and teachers be restored to the wage scale as it existed prior to the reductions made last year.

Voted to transfer from Reserve Fund to cover overdrafts as follows:

Accountant's Dept.	\$ 16.11	
Collector's Dept.	29.12	
Town Clerk Dept.	10.37	
Election and Registration	2.63	
Health	73.00

	\$ 1,184.14
Cash in First National Bank of Westfield, Dec. 31, 1933	27.13
	<hr/>
	\$ 1,211.27

It will be observed from the report of the Trustees that the income from the Pettis fund is derived from interest on \$30,000.00 four per cent Central New England Railroad Bonds. These bonds are deposited with the First National Bank of Westfield, Massachusetts.

We think that we should call attention to the fact that your Trustees offered to provide the money necessary to pay the yearly installments of the debt incurred by the town in the purchase of the Beals land to be used for public purposes. The original cost of this land, including Rabbit mountain, so called, was \$1,800.00 and six hundred dollars on account of this debt has been paid.

Since the addition to the high school building was made we have contributed five hundred dollars to the town, each year, in payment of rental of the room used for library purposes and for heat and light. As the town has now paid off \$4,500.00 of the debt incurred for the addition, which in interest savings amounts to \$180.00 per year, was decided that the contribution should be reduced to \$400.00 per annum. In this decision the selectmen, treasurer, town accountant and finance committee concurred.

Among other things your Trustees have in mind the coming year is to contribute towards the improvement of the school building situate in the Norwich bridge district. This building is used as a community meeting place and we feel that we should assist in its upkeep.

Each year your Trustees are of the opinion that there should be recorded in the annual report the appreciation of the town for the gift made to it by the late Alphonso Percival Pettis. The income therefrom has enabled us to make and assist in many public improvements. We have made use of this money each year in a way which we believe conforms to the conditions imposed in the gift and which would have met the approval of the late Mr. Pettis.

Respectfully submitted,

CALEB BOWERS
DON V. MESSER
LEONARD F. HARDY

Trustees of the Alphonso Percival Pettis Fund.

Trustees of the Public Library

To the citizens of the Town of Huntington:

1933 closed another successful year for the public library under the efficient direction of the librarians, Mrs. John Kirby and Mrs. Frank Thebodo.

One hundred and sixty new books have been added to the library during the year. A large number of our readers are young people of high school age and it is our aim to bring to them the best in fiction and nonfiction. On the library shelves are to be found the following magazines—Popular Science, Child Life, Columbia, Good Housekeeping, Ladies Home Journal, American Boy, American Girl, Nature Magazine, The American Magazine, Hygeia, Junior Home and St. Nicholas.

The library should be equipped with reading tables and chairs which are very much needed. We hope that sometime this need will be supplied.

Through the efforts of Mrs. Grace Oliver, two engraved bronze tablets have been secured, one placed over the fire place to commemorate the gift of Eliza S. Stanton and Henry E. Stanton, the other on the fire screen to commemorate the gift of Miss Flora E. Stanton.

The library is indebted to Mr. John O'Connell for the gift of a very fine specimen of a sword fish sword.

We recommend an appropriation of \$275. and the dog fund.

We wish to take this opportunity to extend our appreciation to the Trustees of the Pettis Fund, The School Officials and the Citizens of the Town of Huntington for the splendid spirit of cooperation which has always been manifest.

Respectfully submitted,

GRACE L. OLIVER,
ADELE M. EASTWOOD,
ALICE L. KIRBY,
Trustees.

SCHOOL COMMITTEE MEETINGS

Regular meetings of the School Committee are held in the evening on the second and fourth Thursdays of the month, at the Superintendent's office, Murrayfield School.

Office hours of the Superintendent of Schools, Murrayfield School, by appointment.

SCHOOL COMMITTEE REGULATIONS

Children who become five years of age on or before April fifteenth may enter school the following September. The only exception to this rule is that under-age children may be admitted to school on the basis of intelligence tests.

No child under seven years of age will be admitted to school for the first time after October first of any year.

A child entering school for the first time is required to present to the teacher a birth certificate and a vaccination, or an exemption from vaccination, certificate.

1934 CALENDAR FOR HUNTINGTON SCHOOLS

Schools open January 2.
Schools close February 23. (8 weeks)
Schools open March 5.
Schools close April 27. (8 weeks)
Schools open May 7.
Schools close June 22. (7 weeks)
Schools open September 5.
Schools close December 21. (16 weeks)

HOLIDAYS

Schools will be closed for legal holidays when they occur in term time as follows:

Labor Day, Columbus Day, Armistice Day, New Year's Day, Washington's Birthday, Patriot's Day, and Memorial Day.

Schools will be closed for the following holidays in 1934: January 1, February 22, April 19, May 30, September 3, October 12, November 29, and November 30.

PUPILS NEITHER TARDY NOR ABSENT

FOR THE SCHOOL YEAR ENDING JUNE, 1933

For five years:

High School—Marion Allard.

For four years:

High School—Arthur Lyman.

Grade 8—Norma Fisk.

Grade 7—Frederick Carney, Albert Strong.

For three years:

High School—Kathryn Thebodo.

Grade 8—Annette Gaumond.

Grade 7—George Moltenbrey, Margaret Thebodo,
Margery Thebodo.

Grade 6—Leona Billyson.

Grade 5—Lillian Nelson.

For two years:

High School—Yvonne Gaumond.

Grade 6—Edward Smith, Robert Soule.

Grade 5—Doris Gobeille.

Grade 4—Robert Belisle.

For one year:

High School—Richard Dwyer, Louise Tonoli, Leo
Cantin, Charles Valorose, Marion
Crowther.

Grade 8—Gertrude Granger, Harry Gareau, Peter
Rock.

Grade 7—Lucien Charbonneau, Richard Manley,
Marcia Phinney, Bernard Thebodo.

Grade 6—Charles Lafond, Viola Lafond, Wilfred
Teal.

Grade 5—Shirley Bancroft, Jane Gaitenby, Anna
Gareau, Carol Kyle.

Grade 4—Celia Gove, Glenn Knox.

Grade 3—Orrel Dupelle, Muriel Lafond.

Grade 2—Theodora Cole, Howard Strong.

For first half year:

High School—Ethel Hull, Joseph Johnson, Viola
Campo, Mae Hayden, George Zolk,
Richard Hill, William Lafond.

Grade 8—Elizabeth Nelson, Wellington Abbey, Le-
land Cole, Jr., Bernard Cornellier,
Charles LaBombard, Ernest Maynard,
Simeon Pero.

Grade 7—Luella Barr, Donald Bean, Leonard Bean,
Roland Dingmond, Louise Lafond, Mari-
on Pease, Gordon Rude.

Grade 6—Richard Abbey.

Grade 5—Luzetta Bryan.

Grade 4—Dorothy Hill, Viola Monat.

Grade 2—Tony Mathias.

Grade 1—Phyllis Goodwin, Doris Laramee.

For second half year:

High School—Vernon Pero, Rita Duga, Irma Pome-
roy, Charles Witherell, Paul Woodis,
Edith Duga, Mary Norton, Harold Ald-
rich, Henry August, Henry Campo,
James Dowd, Robert Gibbs, Frederick
Moltenbrey, Vernon Nelson, Halsey
Rude, Paul Sporbert, Carroll Swaine,
Leslie Weidman, Frederick Colby, Ber-
nice Barnoski, Estella Harris, Caroline
Johnson.

Grade 8—Ellen Campo, Charles Strong.

Grade 7—Glenn Chaffee, Mary Duga.

Grade 6—Virginia Allard, Natalie Aseltine, Cyril
Crowther, Rose Gareau.

Grade 5—Bertha Bean, Gladys Churchill, Bertha
Cole, Henry Dugas, Andrew Pavlica,
Ada Rude, Richard Wellspeak.

Grade 4—Thomas Crowther, Richard Soule, Joseph
Theriault.

Grade 3—William Barnes, Christina Billyson, Grace
Churchill.

Grade 2—Paul Duga, Ernest Watson, Arthur Theri-
ault.

The per cent of attendance during the past year for
all schools was 95.45 which is well above the average
of the Commonwealth. Forty-two pupils were awarded
certificates for perfect attendance.

School Committee's Report

To the Citizens of the Town of Huntington:

Our annual report is submitted herewith for your consideration.

The long-needed flag pole has been erected on the school grounds and adds much to the appearance of the lawn. The material for this pole was purchased from the school funds and designed by the Superintendent of Schools and Mr. Savoit. The pole is so designed that it may be readily lowered for painting or any other repairs. The flag pole was dedicated May 29 by the Boy Scouts with appropriate exercises under the leadership of Mr. Raymond Jenness, Scout Master, and Mr. John O'Connell, Past Master.

Your committee voted to adopt the tentative N.R.A. code for schools as prepared under the auspices of the N.E.A. The purpose of this code is not to reduce wages of the teachers the coming year. Since the welfare problem no longer exists, it will not be necessary to accept any further donations from the school staff.

In the way of new equipment we installed an oil burner in the high school. With the price of coal approximately only ninety cents a ton below the 1932 price, we thought it advisable to look into the oil burner system. We sent notices to three oil burner concerns; namely, Nu-Way, Electrol, and Gilbert & Barker. The committee met the representatives of these concerns and discussed the proposition in every detail. The committee also met with the members of the Finance Committee to get their opinions on the matter. They approved of the project providing we had the funds to finance the proposition. The contract was awarded to the Gilbert & Barker Manufacturing Company of Springfield, and the burner was installed July 8, 1933 at the total cost of \$625.00. We feel that there will be a saving on the cost of fuel by the burning of oil, and that there will also be well-regulated and uniform heat throughout the building.

We wish to call your attention to the fact that the committee has been notified by the State Inspector of public buildings that the boiler room in the Murrayfield building is nothing more or less than a fire-trap, and must be remedied. He suggested that an 8" brick wall enclose the boiler and that the ceiling be plastered in order to make it fireproof. The committee believes that the matter of fireproofing this basement is a matter which should command the serious attention of the voters. This construction must be made and to that end this committee has submitted to the Finance Committee an estimated appropriation sufficient to cover the cost of this work.

The exterior of the Murrayfield building is badly in need of paint and this should be done this spring.

Attention is called to the fact that regular meetings of the School Committee are held at 7:30 o'clock in the evening of the second and fourth Thursdays of the month at the Superintendent's office in the Murrayfield building. These meetings are open to the public and anyone having any school matter to discuss should avail themselves of the opportunity of taking it up with the committee at one of their regular meetings.

We hope and trust that you will comply with the appropriation recommended for your approval. There is one essential factor to be observed at this time and that is the spirit of optimism. Pessimism spells ruin. A hopeful outlook expressed in a reasonable expectation of a brighter tomorrow will do much to give momentum and zest to all that will make for the return of normal conditions. A super-cautiousness is just as harmful in these days as is reckless plunging.

In conclusion we wish to thank you for your cooperation and generous appropriations of the past.

Respectfully submitted,

Don V. Messer, Chairman

James F. Norton, Secretary

Mrs. Frank Thebodo.

Superintendent of Schools

To the School Committee of the Town of Huntington:

It is with pleasure that I submit herewith my fifth annual report as Superintendent of the Huntington Schools.

CHANGES IN THE TEACHING STAFF

We were fortunate in that only two changes occurred in the teaching staff during the past year. One took place in the High School and the other in the Murrayfield.

Miss Cassie G. Sullivan, who for the past four years had been teacher of Household Arts in the High School, was given a leave of absence for one year, that she might complete the requirements for the B.S. degree at the Framingham State Teachers' College. Miss Marion E. Rhodes was engaged to substitute for Miss Sullivan during the latter's absence. Miss Rhodes is a graduate of Framingham Teachers' College, has had two years' teaching experience, and is a resident of Attleboro.

Miss Nellie V. Trudell, who was a teacher in the Murrayfield School, resigned to join the Sisterhood of the Order of St. Joseph. It was with many regrets that this resignation was accepted as Miss Trudell had given the Town of Huntington fifteen years of her most valuable service and was considered one of the best teachers in the system.

Miss Oranier Diamant, a local resident, was engaged to fill the vacancy. Miss Diamant is a graduate of Elms College.

THE HIGH SCHOOL

The conditions in the High School still present a problem in that the enrollment continues to increase; in fact, it has increased 50% since 1929. To meet the

situation the 6-6 plan of instruction has been discontinued and the 8-4 plan adopted in its place. By placing desks in the laboratory of the High School, seating accommodations were made available for the 8th grade. This arrangement, however, places a handicap on the instructor of the physical sciences in that all laboratory work has to be accomplished through demonstration rather than by the pupils having the opportunity of doing individual experiments by themselves. Unless this condition is eliminated those pupils who take up college work are going to find it difficult to handle laboratory subjects because of not having had the experience in handling, setting up, and actually performing experiments with the various kinds of physical and chemical apparatus.

The English and Commercial Departments are overcrowded. In the former there are far too many pupils for one teacher to handle efficiently. These classes should be split up and an additional teacher employed in order that those pupils who are planning to continue their education may be given more individual attention and a greater enrichment in subject matter.

In the Commercial Department one teacher is handling the entire program which is beyond the capabilities of an average teacher if instruction of a high order is to be expected. In order to dispense with the employment of an additional teacher, six second-hand typewriters were purchased which automatically reduced the number of divisions in typewriting but left several without the immediate supervision of a teacher. An additional teacher should be provided that this situation may be remedied.

In addition to the above the High School is in need of an Assembly Hall where the entire student body can be assembled at one time. This should be in the form of a combination Gymnasium and Assembly Hall. The State Department of Physical Education has disapproved of the use of the Town Hall as being unfit for physical educational purposes. As the State Law requires that classes in Physical Education be maintained, a schedule has been prepared through the cooperation of the Assistant State Supervisor of Physical Education whereby this requirement may be met

through the conducting of these classes in the various class rooms. This is another move to meet a situation through the practice of economy. At the present time the outlook for satisfactory results in this field seems questionable.

These instances are being cited in order that a true picture of the circumstances may be obtained and some consideration may be given to them.

Attention is called to Mr. Osborne's report which is printed elsewhere in this report.

THE MURRAYFIELD SCHOOL

Although the seventh grade was retained in this building, it was found possible to assign classes to the various teachers without splitting any grades. This arrangement gives two teachers a heavier teaching load than is considered advisable. This situation is being watched very carefully and it is hoped that every pupil will be prepared for promotion at the end of the year.

A recent communication has been received from the State Building Inspector to the effect that the ceiling of the basement of this building should be plastered and that a boiler room with brick walls and a fireproof door be constructed. It would seem that this is a matter which should be given prompt attention, and should be handled through a special appropriation for that purpose. The building inspector has stated that this is a serious matter.

FINANCES

This report is in general indicative of the attitude which has been shown by the school authorities during the past two years in an effort to economize. In conjunction with this idea we have increased the size of classes; combined teaching units; and have put supplies, transportation, etc., out to bids. In addition to this, all items of cost have been eliminated except in those instances where purchases were deemed a necessity, or considered to be a good investment in the practice of economy.

The Town of Huntington was again fortunate in receiving a large reimbursement during the past year from various sources. These reimbursements have been received as follows:

General School Fund, Part I	\$5,475.00
General School Fund, Part II	2,810.14
High School Grant	1,250.00
Superintendent of Schools	676.67
High School Tuition	3,783.17
Tuition & Trans. State Wards	129.58
Junk sold, etc.	30.29
Tuition, Elementary pupils	58.50
Donations from Superintendent, teachers, and janitor,	1,716.97
Total	\$15,930.32

The above total is greater than any amount ever before received in the history of the town. Exclusive of the last item of "Donations", the total would exceed any former amount, being greater than the amount received in 1930 by \$3,171.08 and exceeding last year's reimbursements by the amount of \$19.16. The following statistical table is given to show the reduction that has been made in the Gross and Net Costs per pupil since 1929:

<i>Year</i>	<i>No. Pupils Oct. 1</i>	<i>No. Teach- ers</i>	<i>Amount Expended</i>	<i>Re- imburse- ment</i>	<i>Net Cost to town</i>	<i>Gross cost per pupil</i>	<i>Net cost per pupil</i>
1929	311	12	\$25,197.75	\$11,199.13	\$13,998.62	\$81.02	\$45.01
1930	345	13	26,321.42	11,013.21	15,308.21	76.29	44.34
1931	333	12	27,335.41	12,424.03	14,910.98	83.08	44.77
1932	348	13	26,554.09	14,194.18	12,359.91	76.30	35.52
1933	343	13	25,570.97	15,930.32	9,640.65	74.55	28.10

The above table shows that although our expenditures for the past two years have been greater than in 1929, the net cost to the town has been less. The net reduction since 1929 has been approximately \$4,700.00 and the net cost per pupil has been reduced approximately \$17.00. It was predicted in this report of last year that we should head the list in the next state report in low cost per pupil. It has been found that with the exception of only five other towns in Group III (towns of less than 5000 population and

maintaining high schools) Huntington was lowest in per pupil cost in net average membership. In other words, Huntington ranked 103rd in a group of 108 towns in Class III. Due to the fact that we have reduced our net cost of \$35.52 in 1932 to \$28.10 in 1933, it would seem that we ought to receive an even higher rating in the next state report. Attention is called to the fact that the **Net Cost** is that amount which should concern us most as it is this amount which affects the tax rate. Each \$1000. affects the rate to the amount of approximately \$1.00. It therefore should be borne in mind that only \$9.64 of the tax rate for the past year was expended for school purposes.

CONCLUSION

We have arrived at that stage in our economy program where it would seem that any further reduction in our budget would lessen the efficiency of our school system. As has been outlined above, we are at the present time not only in need of additional room but additional teachers. Conditions in general are better. There is practically no so-called welfare in any community; practically everyone has employment; and although each community has its own problems to solve and should not follow the lead of any other, we have arrived at the point where we should be giving some consideration to the problems at hand which vitally concern the welfare of our children. Our responsibility does not rest entirely with them. We owe to their parents the further duty to faithfully discharge the duties which we owe to their children. They rely on us to see that the schools are properly and efficiently administered. They trust the welfare of their children to us and we must be faithful to that trust.

To the teachers we owe a similar duty. They should be paid reasonable salaries, having in mind the years of preparation and the expense involved in preparing for their life work. The teacher who is underpaid and who is required to give a great deal of his time and thought to his own personal affairs and financial difficulties, is not in a position to render the efficient service which our children are entitled to receive. It is also a part of our duty to provide proper places for

them to work and adequate equipment so that they may accomplish the desired and expected results.

It should be stated that the cooperation and efficiency of our teachers in these times of stress has been remarkable and they should be commended for their attitude in this respect.

It should not be left unsaid that any measures which have a tendency to trim school budgets so as to curtail school activities to such an extent that the efficiency of the school is impaired, or the educational advantage of the child is diminished, is false economy and should not be practiced.

In the last analysis it is generally admitted that now more than ever before our schools should be kept to a high degree of efficiency. Any educational opportunity taken away from a child is forever lost and can never be replaced. The saddest part is that the public as well as the child sustains the loss. It should ever be borne in mind that the hope of our future is in our schools.

Attention is called to various tables of statistics in this report and other reports of the School Department. It is hoped that every citizen will give them careful reading.

This opportunity is taken to express my appreciation to the School Committee, parents, teachers, and citizens of the town, all of whom have fully cooperated during the past year.

Respectfully,

LEON M. ORCUTT,

Superintendent.

Report of High School Principal

To the Superintendent of Schools:

The year 1933 has been momentous in the high school. A large registration as of June—165 in the five grades—was jumped to 180 in September, including four postgraduates and one special student. The largest class in the school's history, 24 individuals, was graduated in June, and the present number of potential 1934 graduates is 30. With the exception of Miss Cassie Sullivan, granted a year's leave of absence in order to complete her college degree requirements and substituted for by Miss Marion Rhodes, the same teaching staff as of last year has carried on this Fall, doing an excellent job in face of the enlarged enrollment. Tuition pupils to the number of 37 started this Fall, 3 of whom have since dropped out.

Since graduation of the class of '33, progress of its members is worthy of mention, in view of the times. Of the twenty-four graduates, 9 are pursuing their education beyond high school, a percentage of 37.5. Of these, one is attending M. S. C.; one is at Framingham State Teachers College; one at the Springfield Civil Service School; one at a Trade School; one is a P. G. here, preparatory to entering Worcester Tech. next Fall; and four are in excellent standing in the Student Training School of Noble Hospital. Of all the remaining graduates, all the boys are gainfully employed; one girl has married; five girls are at home, and the other girls are employed.

Medical Supervision, etc.: High School pupils have been safeguarded this year, as last, by the supervision of the Chadwick Tuberculosis Clinic conducted under the jurisdiction of the State Dept. of Health; by the P. T. A.'s American Red Cross Dental Clinic, the work being preformed by Huntington's own Dr. Upton this year; by the attentions of the School Physician, Dr. Huffmire; and Eye and Ear testing by Miss Adeline Mazella, the School Nurse. During the weeks ending

December 15 and 22, the Schick Test of Diphtheria Vulnerability Prognosis was offered to all pupils by notices given them to be taken home, and was administered to those whose parents desired it.

School Savings, Organization Funds, etc.: School Savings felt the effects of the times this past year, with an average percentage of 6.083% of the school membership banking during the year (as contrasted with 13.75% for 1932) and varying from a low of 2.955% in April 14 to a high of 10.46% November 10. This Fall, however, there has been a noticeable general increase, and it may be hoped that the laudable habit of saving will steadily increase.

The Huntington H. S. Association, underwriting all interschool athletics, continues to operate without a financial loss. It's one subsidiary, the H. H. S. Dramatic Club, produced two plays during the year at an average profit of approximately \$27.00; the Association's one dance netted \$14.00. Dues for the Association are budgetted on a weekly basis, with free-home-game-admission and Amplifier-subscription inducements offered as bonuses for paid up dues. To date, in the current school year, dues are some 44% paid. Incidentally, it may be in order to contrast our one dollar association and class dues with the usual three dollar "blanket tax" assessments of some nearby schools. Each of our classes has its own savings bank account.

Scholarship, etc.: The schedule of classes for the current year is essentially the same as last year's, described briefly in the last report of this kind. Some minor changes have been necessitated by increase of enrollment and enlarged classes, additionally affected by certain maximum class size regulations recently laid down by Mr. Jerome Burt, the new State Supervisor of Secondary Education. Our "A" certificate for school rating was renewed, as usual, and is on view in my office.

Equipment: The oil-burning equipment, installed in the High School furnace room last summer, has made for quickly-responding temperature control, and cleanliness in the building. Our textbook supplies are adequate. The only outstanding needs at this time are

added space and assembly room chairs, the latter need being serious.

The Student Body: is made up, at the present time, of one post-graduate; one special student; twenty-eight seniors; twenty-nine juniors; thirty-three sophomores; forty-seven freshmen; and thirty-six 8th Grade pupils—173 pupils in all, which, with seven faculty members, make an even 180 people in the School's personnel.

Extra-Curricula Activity: The Athletic Director, Mr. Sawyer, is constantly improving and enlarging our interschool relationship with neighboring institutions by judicious scheduling of athletic contests, and I have recently been honored by election to membership in the "Round Table," a limited-membership group discussion organization of some of the high school principals located near Springfield, which should enhance our position.

Conclusion: I wish to take this opportunity to thank you and the School Committee members for your whole-hearted cooperation and material aid so freely given to myself and the faculty members; Mr. J. S. Savoit for his neverfailing attention to, and interest in, all needs and activities of the school's personnel; also all other members of the community who have manifested their sympathetic and helpful interest in affairs of the school.

Respectfully submitted,

SIDNEY OSBORNE.

Report of School Physician

Superintendent of Schools:
Huntington, Mass.

Dear Mr. Orcutt:—

Medical work for the school term began on August 7 when 30 of the 33 entering children were vaccinated and three injections of Diphtheria Toxin Anti-Toxin given to eight pre-school children.

November 7, 1933, the yearly examination revealed 65 defects in 316 children.

In December, 80 of the 163 pupils in the Murrayfield School and 3 in the High School received 3 injections of Toxin Anti-Toxin.

It is encouraging to note that of the 50 High School pupils submitting to the Schick test only 3 were found positive and subsequently immunized.

It is discouraging to note that but 50 of the 176 High School pupils responded to my request for permission to give them the test and of the 163 pupils in the Murrayfield School only 80 were allowed by their parents to be given Toxin Anti-Toxin.

Huntington has been remarkably free from Diphtheria in the past five years. I attribute this to the parents who allowed their children to receive the test and if found positive the treatment.

Previously this work was done in sporadic fashion. During the past five years Schicking has been done systematically with excellent results. I am at a loss as to the means of convincing Anti-Schicking parents when cold hard facts fail to make any impression. Compulsory Schicking like vaccination apparently would solve the problem. I heartily endorse this procedure.

Some provision will have to be made in the near future for physical training of the pupils. This cannot be properly carried out in a class-room cluttered with seats. Neither can it be done on an athletic field in cold weather. From the health stand point no child should go thru a day's school work without one period of mild physical training. This accomplishes two things. It allows the mind to rest and is better able to concentrate, when studies are resumed. Thru exercise the general bodily health is improved.

A gymnasium is a much better gathering place than a street corner.

Very truly yours,

JOHN A. HUFFMIRE, M.D.

Report of School Nurse

To the Superintendent of Schools:

I take pleasure in submitting the following report:

Number of days service	26
Number of classroom inspections	58
Number of exclusions	8
Number of times weighed and measured	3
Number weighed and measured	165
Number not gaining	15 out of 165
Number losing	2 out of 165
Number of consultations:	94
Parents	24
Teachers	35
Pupils	29
Others	6
Number of home visits for correction of defects	37

Assisted Dr. Upton with the Dental Clinic examination in May followed by clinic service. Number examined 330. In July one pupil was sent to Camp Hodgkins for a period of six weeks.

DENTAL CLINIC

Through the cooperation of the Parent-Teacher Association, it again became possible to conduct dental examinations for all the school children; also to maintain a Dental Clinic. It is hoped that eventually every child will have the opportunity of attending the clinic.

CLINIC HELD IN MAY 1933

A. Examination

School population	341
Number of children examined	330
Number of children found with dental defects	280

B. Correction of Defects

Number of children receiving dental
certificates from clinic dentist:

1. Time of examination	50
2. From Clinic	46
3. From family dentist	0

C. Dental Clinic Work

Number of children receiving dental care	64
Cleanings	34
Fillings, Temporary 23; Permanent	70
Extractions, Temporary 10 Permanent	5
Total number of operations	142

Note: 46 out of the 64 who received dental care at the clinic received dental certificates.

A pre-school clinic for vaccinations was held August 7 for pupils entering school in September. 30 out of the 33 entering school for the first time were vaccinated.

The State Chadwick Clinic for tuberculosis in follow up work was held October 3:

Number of complete examinations	17
Number of X-Rays taken	17

On October 3 the parents came and were present at the examinations to consult with the clinic physician. One pupil was taken to Westfield Sanatorium for further treatment.

Vision-Hearing Tests were made in May and December:

	Murray- High field Total		
Number of Pupils examined	172	166	338
Number found with defective vision	6	6	12
Number found with defective hearing	2	1	3
Number of parents notified	8	7	15

Assisted Dr. Huffmire with the yearly physical examinations in November:

Number examined	316
Defects found:	
Tonsil-Adenoid	63
Heart	2

Parents were notified of need for further care and corrections.

In August and December Toxin-Anti-Toxin treatments were given. At this time 80 out of the 163 grammar school children received treatments.

The Schick Test was given to 50 out of the 176 students in the High School; those found positive were given ToxinAnti-Toxin treatments.

In conclusion I wish to express my appreciation for the hearty cooperation given me by the School Committee, Mr. Orcutt, Dr. Huffmire, teachers and townspeople.

Respectfully submitted,

ADELINE C. MAZELLA, R.N.

Supervisor of Physical Education

To the Superintendent of Schools:

The Physical Education program for 1933 was inaugurated in the Spring with baseball, soccer and setting up exercises for both boys and girls of grades 8, 9, 10, 11, and 12. The Grammar school students activities were confined to baseball and games for the boys, and games for the girls. Interschool contests in baseball were arranged for the boys of both the Grammar and High schools.

The Fall program saw a continuation of the above program except that interclass football was organized for the boys, who were given instructions on the fundamentals of the game. This departure from our usual custom was greeted with spirited interest by the boys who proved themselves very adept at learning the fundamental principles of what, to most of them, was an entirely new sport.

With the coming of cold weather we planned to continue our basketball tournaments in the Town Hall, but after a visit from Miss Porter of the State Dept. of Physical Education, it was decided to confine our activities to the school building. She was of the opinion that because of the lack of showers, and suitable dressing rooms, for large numbers of students at a time, frequent colds might be acquired by the students.

The indoor program, which is now underway is based on a list of suitable games and exercises issued by the State Dept. of Physical Education, and the response of the student body so far has been very encouraging.

Miss Rhodes, who has taken the place of Miss Cassie G. Sullivan, and Mr. G. MacDonald are assisting in the high school program while Mr. Jenness and the Grammar School teachers are carrying on the activities in the grades.

With the continued cooperation of the school committee, superintendent, teachers, parents and pupils we hope to be more successful than ever in the attainment of: (1) improved posture of the students; (2) better health, both mental and physical.

Respectfully submitted,

MILTON J. SAWYER, JR.,

Supervisor of Physical Education.

Report of Musical Supervisor

To the Superintendent of Schools:

As always, the efforts of the Music Department are being directed toward developing discriminating ears, beautiful tone, a rhythmic sense, the ability to read music, interpretation, a degree of understanding and a love of good music.

The greater part of the time given to music is and should be spent in developing these fundamentals but each year we plan to give some public entertainment.

Last year the pupils of the Murrayfield school put on the operetta "Polly-Make-Believe". The proceeds from this were used to purchase a radio and pillows for the nurse's and teachers' room.

There is no school activity in which so many subjects may be correlated as in the production of an operetta. Following are a few examples: music, dramatics, art, domestic science, manual training. Neither has the pupil a better opportunity for developing self-confidence and poise, which is of inestimable value throughout his life.

This year plans are being made for a miscellaneous program by the Murrayfield school children and an operetta by the high school music clubs—Mixed Chorus, Glee Club, and Glee Singers.

The Glee Singers, our first musical organization made up entirely of boys, sang at the high school graduation and at several other public functions during the year. They are interested, enthusiastic, and willing to work.

This year we have joined with thousands of other schools in the country in listening to Dr. Walter Damrosch's Music Appreciation programs on Friday mornings. The booklets which come for these concerts are well worth keeping for future reference. Through these programs the pupils may become acquainted

with and acquire an appreciation of the best known works of the Masters which will be of life-long value to them.

There is no room in the Murrayfield building where a large group may assemble or where entertainments may be given. The fact that the room where the piano is kept, which is the only available room, is used for so many other classes and which is without proper seating conditions, makes it impossible to have the assemblies and entertainments we would like to have, but we do get together on special occasions in small groups which is a pleasure and benefit to the children.

The "Songfest" in Springfield, sponsored by the Kiwanis Club, was enjoyed by everyone and the children are looking forward to another one this year.

I wish to thank the school officials and teachers for their cooperation.

Respectfully submitted,

AUDRIA V. ALBRO,

Music Supervisor.

Report of Drawing Supervisor

To the Superintendent of Schools:

The occasion of my third annual report affords the opportunity of presenting in brief summary a general review of past year accomplishments as well as usual outline of study for the ensuing year.

Several important suggestions presented in last year's report and which were typical of the more recent developments in Art education were put into actual practice with most gratifying results. The idea of teaching and learning Art as a separate and unrelated subject in regard to the other courses of the curricula seems to have been and should be discarded. On the contrary this close relationship is decidedly manifest when we consider that Art, next to speech, is the most natural and true form of expression on the part of the child. The desire to create pictures and designs is a direct response to the love for beauty which is an in-born characteristic of most children. If the development of this characteristic of most children. If the development of this characteristic can be accomplished then a more complete understanding of the relationship of Art to other subjects as well as to life itself will be realized by the individual pupil. Because it is a natural manner of expression its development cannot be too greatly stressed.

These fundamentals have during the past year and will continue to serve during the coming year as guideposts for the course of study offered.

May I again offer my sincere expression of thanks to the School authorities and the teaching staff for their constant cooperation offered during the past year.

Respectfully submitted,

CLAIRE A. COMTOIS,

Supervisor of Drawing.

Report of Instructor of Household Arts

To the Superintendent of Schools:

The work of the Household Arts department is being carried on following as nearly as possible the schedule and routines incorporated by Miss Sullivan.

The Household Arts classes are relatively small which, of course, gives opportunity for more individual work and consequently more efficient work than is possible in large groups. The girls have been particularly efficient in their lunchroom duties which is part of their Household Arts training.

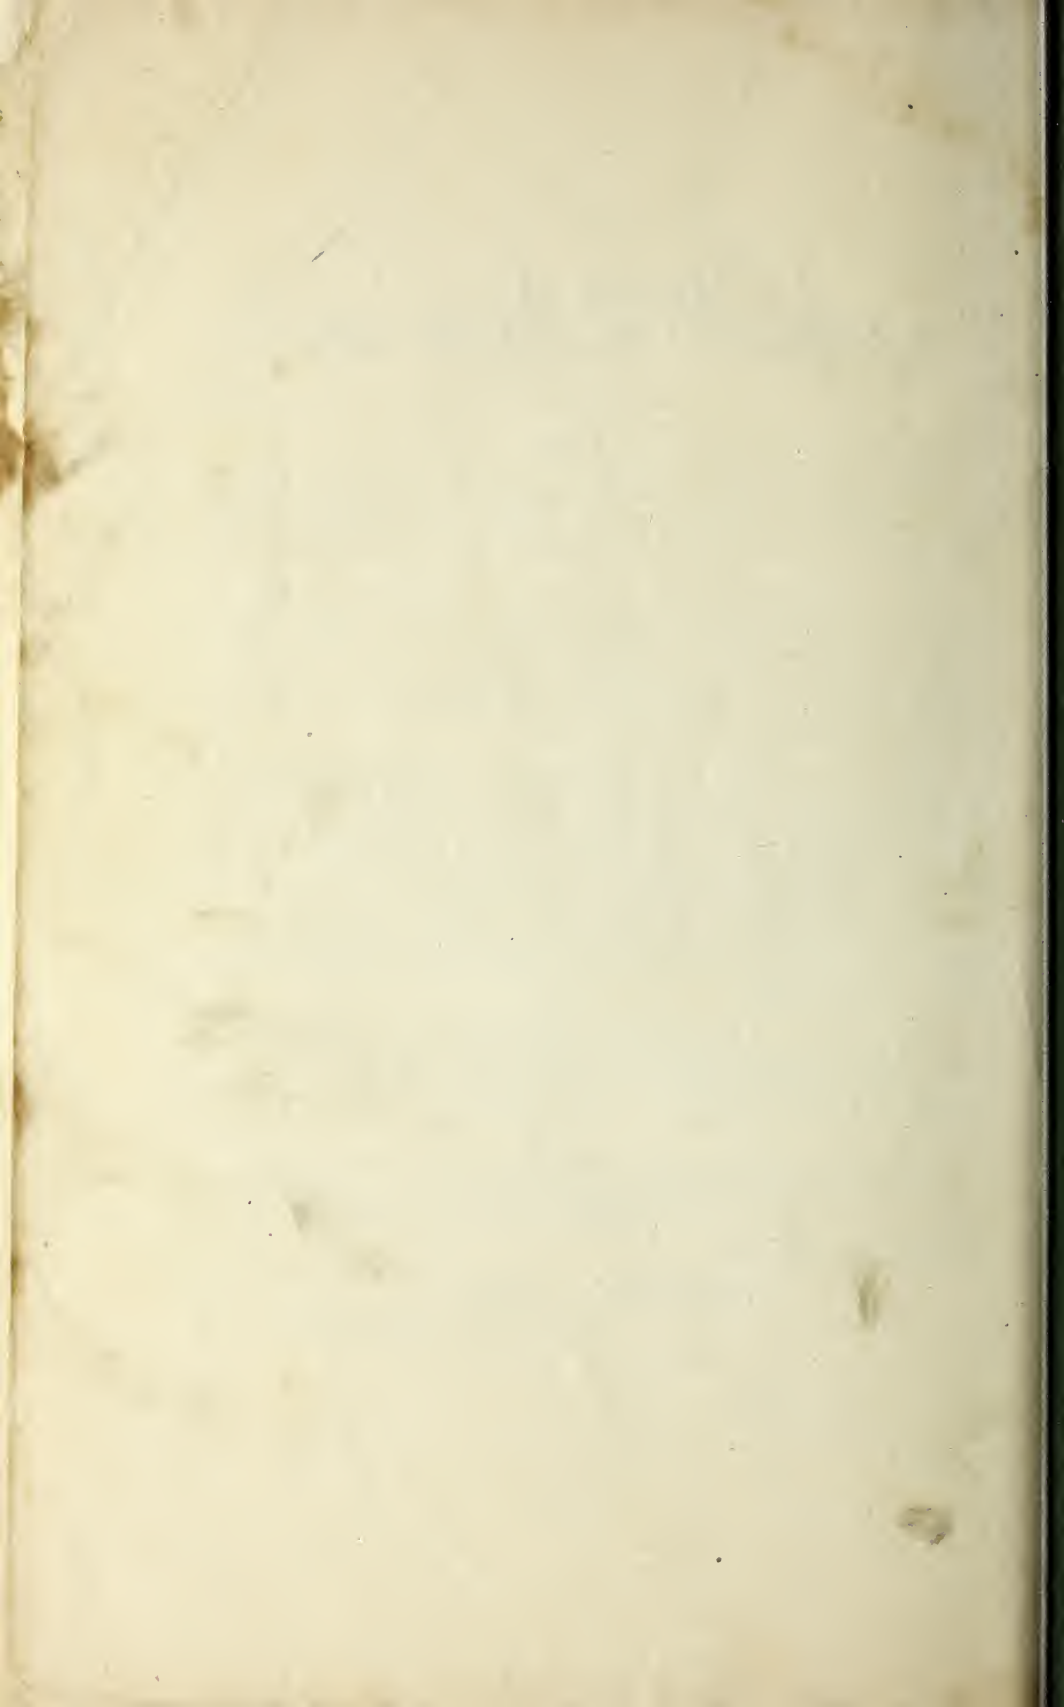

During November and December a few girls entered a McCall Doll Dress contest which created considerable enthusiasm. The McCalls Pattern Company supplied us with patterns and first, second and third prize ribbons. The second week in December the finished articles were judged according to a standard supplied by the pattern company. The winners were: first prize, Marie Pero; second prize, Doris Strickland; and third prize, Rita Besaw.

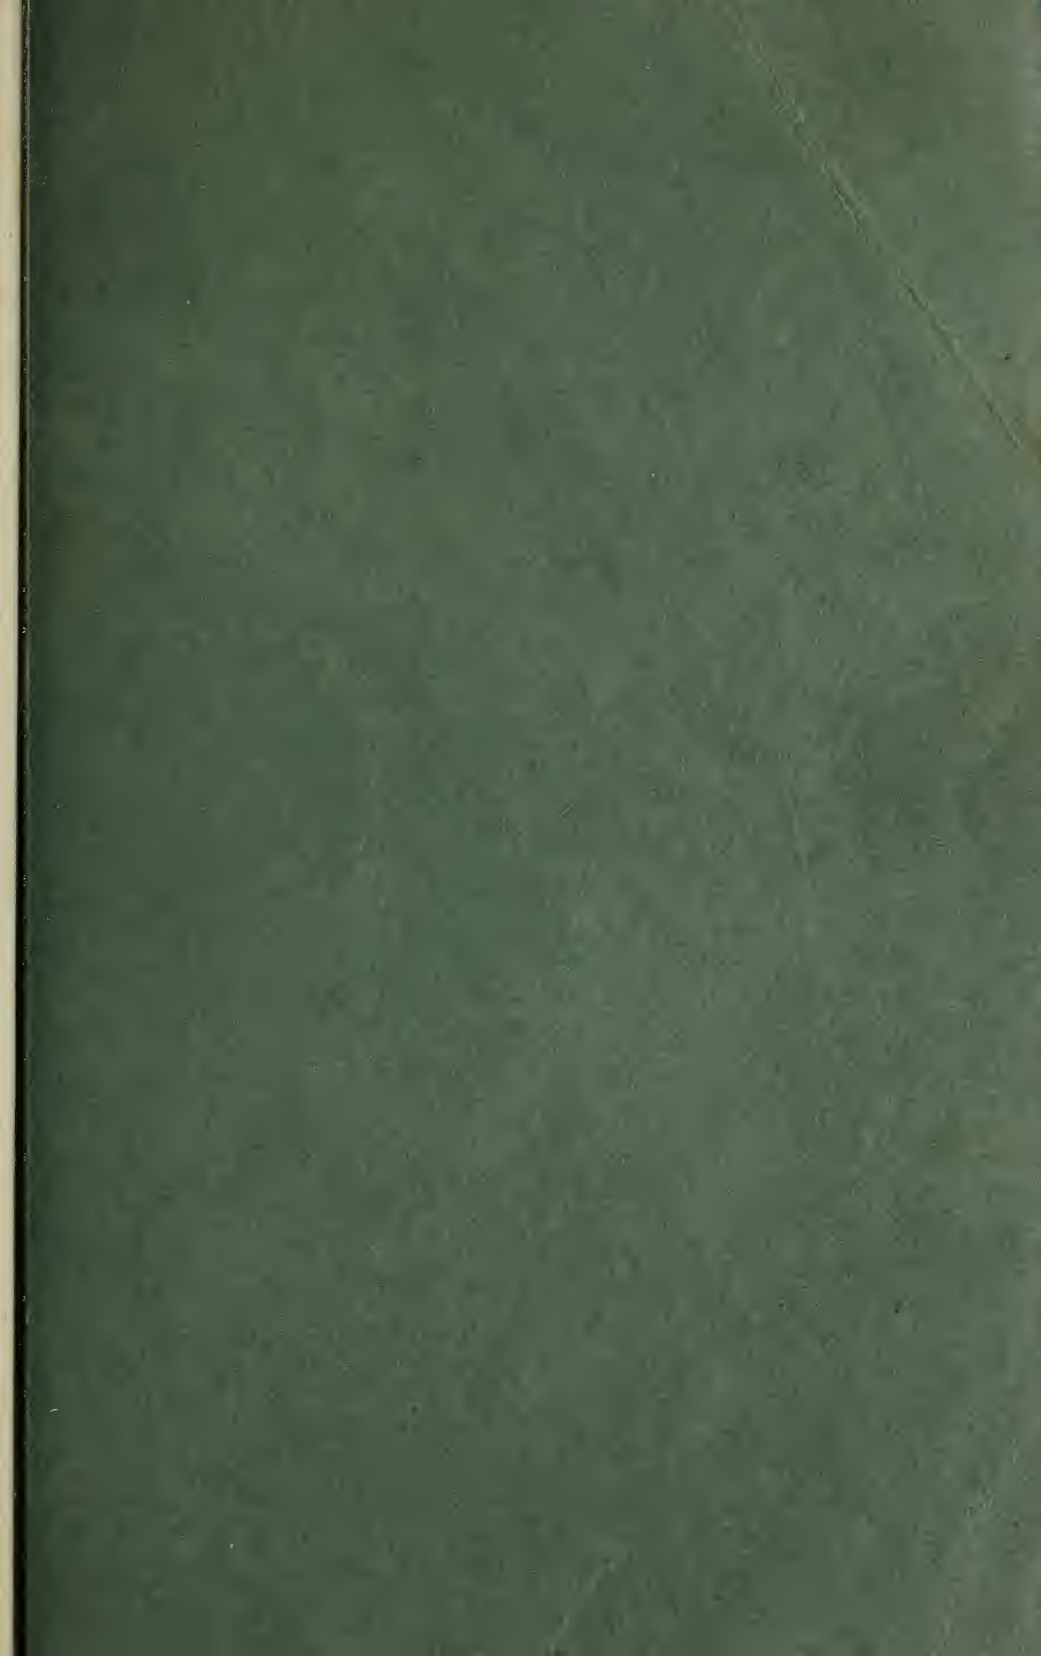

The 4-H Clubs have been organized again this year with Rose Pavlica, Marion Carmel, Mrs. Knightly, Rita Duga, Phyllis MacDonald and Oranier Diamant as leaders and each group is accomplishing considerable.

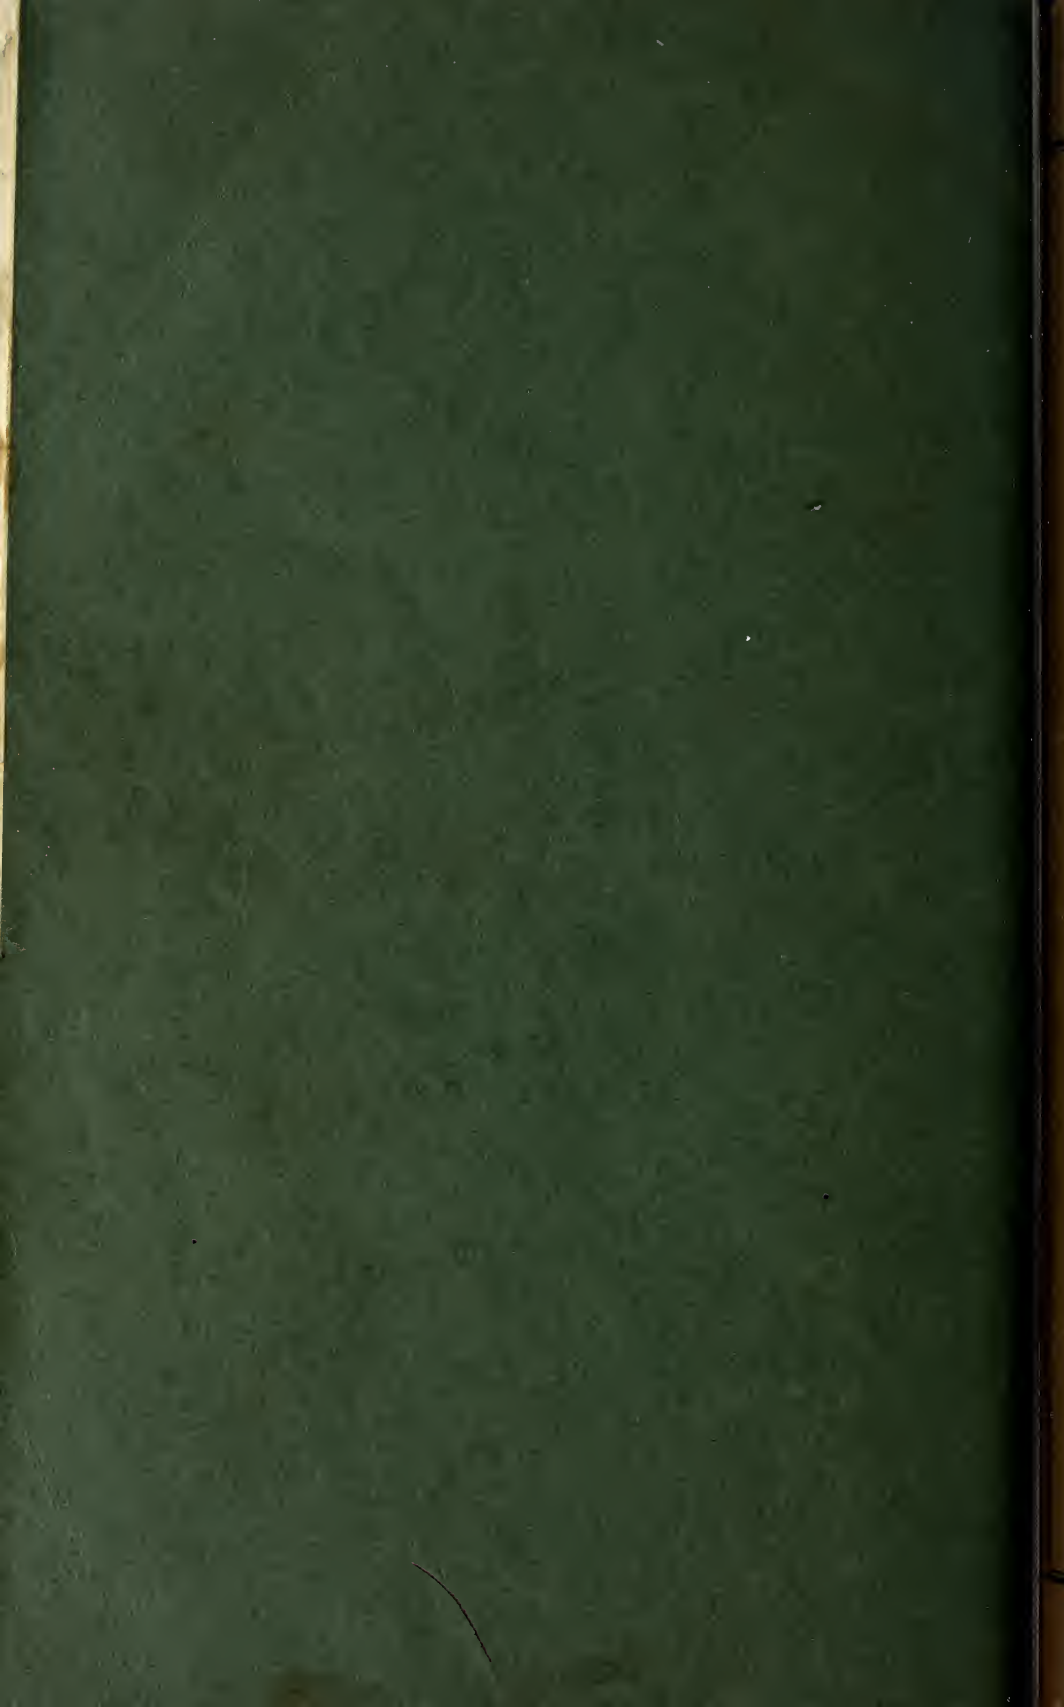

I wish to thank most sincererly, Mr. Orcutt, Mr. Osborne, Mr. Savoit, the teachers, parents and pupils who have assisted me in taking over temporarily Miss Sullivan's position.

Respectfully submitted,

MARION E. RHODES.

Commonwealth of Massachusetts

HAMPSHIRE, SS.

To either of the Constables of the Town of Huntington in
said County, GREETING.

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the Inhabitants of the town of Huntington, in said County, qualified to vote in town elections and town affairs, to meet at the town hall, in the said Huntington, Monday, the FOURTH day of February, A. D., 1935. (it being the first Monday of February) at thirty minutes past seven o'clock in the forenoon, then and there to act on the following articles, to wit:—

Article 1. To choose a Moderator to preside in said meeting.

Article 2. To bring in and deposit their votes for a Town Clerk, Town Treasurer, one Selectman 3 years, a Collector of Taxes, three Constables, Tree Warden, Library Trustee for three years, a member of the School Committee for three years, a Trustee of the A. P. Pettis fund for three years, a Director of the Hampshire County Extension Service for one year, an Assessor of Taxes for three years, a Trustee of the Whiting Street fund for three years, and all on one ballot.

The polls will be open at fifteen minutes of eight o'clock in the forenoon and may be closed at four o'clock in the afternoon.

The consideration of the articles in the warrant except that of voting, will be taken up at ten o'clock in the forenoon.

Article 3. To elect three or more fence viewers and three or more field drivers.

Article 4. To choose such town officers as are not required by law or vote of the town to be chosen by ballot.

Article 5. To hear the report of the Town Clerk, Town Treasurer, Selectmen, Board of Public Welfare, School Committee, Library Trustees, Trustees of the Whiting Street Fund, Superintendent of Schools, Sealer of Weights and Measures, Finance Committee, Trustees of the

A. P. Pettis Fund, Assessors of Taxes, Town Accountant and any other town officers or committee, and act thereon.

Article 6. To see if the town will vote a special appropriation for the enforcement of the laws to prevent the illegal sale of liquor or other violation of the liquor laws.

Article 7. To see if the town will choose a Committee to function under any vote that may be passed under Article 6.

Article 8. To raise and appropriate such sums of money as may be necessary to defray the expenses of the town the ensuing year.

Article 9. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of revenue of the current financial year.

Article 10. To see if the town will authorize the Selectmen to prosecute and defend matters in which the town has an interest, or to appear in favor or opposed to matters involving the town's interest and employ Counsel.

Article 11. To see if the town will vote to use the whole or any part of the dog fund for the Public Library.

Article 12. To fix the compensation of the Collector of Taxes.

Article 13. To see if the town will vote in favor of a Finance Committee, to fix the number thereof and to determine the manner of its choice.

Article 14. To see if the town will vote to allow the use of the town hall free of expense, to any basketball club.

And you are directed to serve this warrant by posting attested copies thereof at each of the usual places in said Town for posting such notices, seven days at least, before the time for holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk, at the time and place of meeting as aforesaid.

Given under our hands this eleventh day of January, A. D. 1935.

TIMOTHY J. KIRBY,
WALTER G. LYMAN,
NELSON J. BUCKWHEAT,
Selectmen of Huntington.

NOTE:—Additional Articles may be added to the posted warrants.

Respectfully submitted,

ALICE M. KYLE,

Town Accountant.

Finance Committee's Report

The Finance Committee regrets exceedingly the increase in the proposed budget over last year. It is due entirely to factors beyond our control; either directly or indirectly related to relief of the unemployed.

Town officials in two departments have asked for increases in salary which the Finance Committee did not approve due to conditions. Our town officials are not overpaid and give us excellent service for a small monetary return. A part of their recompense must rest in the fact that thinking citizens appreciate the sacrifices in time and effort that service to the community entail.

Voted to transfer from Reserve Fund to cover overdrafts as follows:

Police	\$252.09
Vocational Education	220.00
Town Accountant	2.41
Gypsy Moth	.30
Town Clerk	30.79
Health (Schick Test)	90.00
	<hr style="width: 100px; margin-left: 0;"/> \$ 595.59

We recommend the following appropriations for 1935 and submit the same for your approval.

To cover overdraft on Public Welfare and Old Age Pensions \$2,610.15 \$ 2,610.15

General Government:

Moderator	\$ 5.00
Selectmen	825.00
Accountant	425.00
Treasurer	310.00

There have been some important changes in the state laws regarding the system of collecting taxes which is effective in 1935 and reference should be made here to some of these changes in order that taxpayers may become familiar with the new law.

Taxes shall become due and payable in every city, town and district in which the same are assessed in two equal instalments on July first and October first.

The bills for same will be sent out by June fourteenth and interest on all taxes remaining unpaid after November 1 shall be computed from October 1.

Partial payments are allowed in amounts of ten per cent and not less than ten dollars.

Respectfully submitted,

JOHN J. KENNEDY,

Collector of Taxes.

December 31, 1934

Trustees of the Alphonso Percival Pettis Fund

Report ending December 31, 1934.

	<hr/>	\$ 1,147.99
Unexpended balance		84.80
		<hr/>
		\$ 1,232.79

Your attention is again called to the source of the revenue above accounted for; 4% interest on \$30,000 Central New England R. R. Bond left to the town by the late Alphonso Percival Pettis. These bonds are on deposit in the First National Bank of Westfield.

We have again contributed to the improvement of the Norwich Bridge School house now used as a community building; this year's contribution to complete the improvement started last year. Otherwise, our expenditures have been for the usual purposes: care and upkeep of the Town Park; yearly payment on Public Playground, also payment for Library expenses.

Trustees of the Public Library

To the citizens of the Town of Huntington:

The trustees of the Huntington Public Library feel that they can confidently say that 1934 was a pleasant and successful year for the library under the direction of the very capable librarian, Mrs. Alice Kirby and the assistant librarian, Mrs. Bridgie Thebodo.

Two hundred fifteen new books have been added to the library during the year. We strive to place before our patrons the best in fiction, non-fiction, and juvenile books.

We extend our appreciation to the Mass. Library Aid Association for the gift of a much needed table and six chairs.

We were recipients of gifts of books from the following: Ford Motor Co., Scribner's, and Division of Public Libraries.

These magazines may be found in the library: Good Housekeeping, Review of Reviews, Reader's Digest, Ladies' Home Journal, Child Life, Popular Science, American Magazine, American Girl, Home Beautiful, Nature Magazine, Hygeia, St. Nicholas, American Home, Junior Home.

We recommend an appropriation of \$275. and the Dog fund.

We wish to express our thanks and appreciation to the school officials, the trustees of the Pettis Fund, and the citizens of the town of Huntington for the fine spirit of cooperation which they have always shown.

SCHOOL COMMITTEE MEETINGS

Regular meetings of the school committee are held in the evening on the second and fourth Thursdays of the month, at the Superintendent's Office, Murrayfield School.

Office hours of the Superintendent of Schools, Murrayfield School, by appointment.

SCHOOL COMMITTEE REGULATIONS

Children who become five years of age on or before April fifteenth may enter school the following September. The only exception to this rule is that under-age children may be admitted to school on the basis of intelligence tests.

No child under seven years of age will be admitted to school for the first time after October first of any year.

A child entering school for the first time is required to present to the teacher a birth certificate and a vaccination or exemption from vaccination certificate.

1935 CALENDAR FOR HUNTINGTON SCHOOLS

Schools open January 2

Schools close February 21 (8 weeks)

Schools open March 4

Schools close April 26 (8 weeks)

Schools open May 6

Schools close June 21 (7 weeks)

Schools open September 4

Schools close December 20 (16 weeks)

HOLIDAYS

Schools will be closed for legal holidays when they occur in term time as follows:

Labor Day, Columbus Day, Armistice Day, New Year's Day, Washington's Birthday, Patriot's Day, and Memorial Day.

Schools will be closed for the following holidays in 1935: January 1, February 22, April 19, May 30, September 2, November 11, November 28 and November 29.

PROPOSED BUDGET FOR THE YEAR 1935

Account:	Budget:
Teachers	\$15,980.00
Superintendent and Travel	1,470.00
School Committee	252.50
Janitor Service	1,200.00
Fuel and Light	1,400.00
Transportation	3,000.00
Supplies	1,400.00
Books	500.00
Ordinary Repairs	300.00
Miscellaneous	400.00
Attendance Officer	10.00
Insurance	185.00
	<hr/> \$26,097.50

Special appropriations:

Eaves troughs for High and Murray- field Schools	\$200.00
Improvement of assembly, High School	200.00
	<hr/> \$ 400.00

PUPILS NEITHER TARDY NOR ABSENT
FOR THE SCHOOL YEAR ENDING JUNE, 1934

For five years:

High School—Lillian Walsh

Grade—Frederick Carney, Albert Strong

For four years:

High School—Yvonne Gaumond, Kathryn Thebodo

Grade 8—George Moltenbrey

Grade 7—Leona Billyson

For three years:

High School—Charles Valorose

Grade 7—Edward Smith

Grade 6—Doris Gobeille

For two years:

High School—Evelyn Walsh

Grade 8—Marcia Phinney, Bernard Thebodo

Grade 6—Carol Kyle

Grade 4—Orrell Dupelle

For one year:

High School—Charles Witherell, Henry Campo, James Dowd, Robert Gibbs, Caroline Johnson, Ellen Campo, Catherine Denman, Agnes Pavlica

Grade 8—Bernard Gaudette, Charles Keeler

Grade 7—Cyril Crowther, Dorothy Dunn, Donald Goodwin, Francis Labelle, Albert Perry

Grade 6—Winifred Bates, Gordon Fisk

Grade 5—Thomas Crowther, Mildred Dwyer

Grade 4—Clarence Bates, Christina Billyson

Grade 3—George Keeler, Ernest Watson, Eleanor Trudell

Grade 2—Beverly Sikes

Grade 1—Anne Beatty, Donald Field, James Watson

In general this is an improvement over the previous year. Perfect attendance certificates were awarded in June to all of the above named pupils.

School Committee's Report

To the Citizens of the Town of Huntington :

We feel that the schools are progressing satisfactorily. During the past year repairs have been made upon Knightville and Norwich school buildings. The Murrayfield School boiler room has been made fireproof as ordered by the State Inspector of Buildings. The Village Buildings have been painted. The labor on the last mentioned projects was furnished by C.W.A. and E.R.A. workmen thus lessening expense.

We recommend the installation of eavestroughs on the two village buildings be completed and also that some repairs be allowed for the so called assembly room that it may be made more habitable.

Bridgie A. Thebodo, Chr.

Don V. Messer, Sec.

James F. Norton

School Committee of Huntington.

Superintendent of Schools

To the School Committee of the Town of Huntington:

I take pleasure in submitting herewith my sixth annual report as Superintendent of the Huntington Schools.

Upon the recommendation of the Finance Committee to the School Department, in the practice of economy, all reports of this department will this year be confined to the reports of the School Committee, and Superintendent of Schools. The usual reports have been requested, however, and will be kept on file for ready reference.

Three changes took place in the teaching staff during the past year.

Miss Marion E. Rhodes, teacher of Household Arts in the High School resigned to accept a similar position in Norwood. This vacancy was filled by Miss Miriam Knowlton who is a graduate of Framingham State Teachers' College.

Miss Anne Tracy, commercial teacher, resigned to accept a position in the commercial department of the Ludlow High School. Miss Catherine Santamaria, a graduate of the Salem State Teachers' College, was engaged to fill the vacancy.

Miss Claire Comtois, Supervisor of Drawing resigned because of illness. The vacancy caused by her resignation was filled by Mr. Philip Adams, a graduate of the Massachusetts School of Art who came to us from Yarmouth where, for the past two years, had been holding a similar position.

THE HIGH SCHOOL

In contrast with the all-time peak registration of 180 pupils in September, 1933, the present enrollment is 155. Last June 30 pupils were awarded diplomas. Of this number 5 are continuing their education. No failures are reported to date for any of our graduates now attending colleges.

Official notification of our approval by the New England College Entrance Certificate Board has been received. This was due to one of our graduates who entered the Massachusetts State College, which is a member of the Board, and made good. This speaks well for the teachers in high school who gave him his preparation.

The school is also approved by the State Department of Education as a Class "A" High School. This rating is based upon the qualifications of the teachers who are hired and assigned the tasks which they are certified to perform.

Text-books and supplies for the courses offered at the present time are adequate. Books have been added to the school library which has recently been recatalogued.

The stage of the assembly room has recently been equipped with a curtain. This was furnished by the H. H. S. Association. Many thanks are due Mr. George Allard who furnished materials for the wings and back screen. Scenery painting is being accomplished under the direction of Mr. Adams, Art Supervisor, who is being assisted by several members of the Association's Entertainment Committee.

THE MURRAYFIELD SCHOOL

Present circumstances would seem to indicate that the seventh grade could be accommodated in the High School building another year without presenting an overcrowded condition. This, with a reassignment of the grades, would alleviate an overcrowded condition in two rooms in the Murrayfield.

Extensive repairs have been made to the Murrayfield building. The outside has been redecorated and the basement, upon the recommendation of the State Building Inspector, has been fireproofed.

Maps, globes, and charts which have been needed for proper instruction in the social studies have been furnished. Attention will be given this year to the rejuvenation of the texts in this field that are now in use.

A new writing system has been introduced, in which satisfactory progress is being made.

FINANCES

We have continued the practice of economy by giving due consideration to every need before making an expenditure. Through this policy it was possible to return \$188.02 to the town treasury unexpended. Through the careful planning of the budget for the coming year it is felt that the schools can be run as efficiently for less money the coming year and in consequence the School Department is asking for a lesser amount.

Reimbursements from various sources have been received as follows:

General School Fund Part I	\$5,515.00
General School Fund Part II	2,989.62
High School Grant	1,250.00
Superintendent of Schools	676.67
High School Tuition	2,813.46
Tuition and Trans. State wards	464.19
Junk sold, etc.	16.53
Tuition, elementary pupils	58.50
	————— \$13,783.97

With the exception of High School Tuition, and Junk Sold, each item is as high and in many instances higher than ever before.

PHYSICAL EDUCATION

Under the direction of Mr. Sawyer, physical director, Mr. Jenness has had charge of the plays, exercises and games, indoor and outdoor, of the Murrayfield School, which was carried on under the direct supervision of the various teachers in charge. As in the past, Mr. Jenness coached the baseball team representing the Murrayfield School which completed a very successful season in the league composed of teams from the other towns of this district.

During the Spring and Fall when the weather is suitable, the boys of the eighth grade and the four upper grades of the high school play softball, baseball, soccer and football. The girls play softball and a modified game of soccer. Indoor exercises are restricted, due to the unfavorable conditions in the only available building for such work, the town

hall. Varsity competition is enjoyed by the boys of the four upper grades in baseball and basketball.

Mr. MacDonald has again assisted very ably in coaching and in the physical education classes.

ART

The need for a practical type of Art education is more apparent than ever before in our present social and economic condition. This sort of training is being given in your schools by constantly showing that the basic principle of Art can be applied in every-day life.

The value of Art education in the schools of Massachusetts was first recognized by the business and industrial leaders. By far the larger part of the things we use are manufactured; the kind and quality of these articles in daily use depend upon public choice. Because the school children of today will be the purchasers of the future, the supervisor is endeavoring to teach them principles of good taste necessary to wise buying for their needs. Sound selections for use and beauty are based on knowledge of well established laws of design, color and form. These laws are being taught in the grades and high school, not as abstract formulas, but rather as guiding principles to be used in knowing articles of worth and beauty.

The aims we would reach are:

1. The enrichment of life and the enjoyment of leisure through an appreciation of beauty in nature, in fine art, and in industrial productions.
2. The encouragement of creative expression which results in the joy of accomplishment by affording the pupil many opportunities to express his individual ideas and experiences through art.
3. The development of good taste in the individual and the community.

4. The development of youthful, artistic talent by special training and stimulating guidance in order that ability may be made productive in the service of society.
5. The conservation by the community of acceptable ideals and standards of beauty.

Art education to fulfill its mission must place standards of good taste and beauty within the reach of every family.

MUSIC

The usual drill in time, tune, music reading, rhythm and interpretation has been carried on in the music courses as in the past.

A demonstration of the work in all the grades was given last spring. This year plans are being made for an operetta.

Groups from Murrayfield School have entertained the Parent Teachers' Association several times during the year. Such occasions give the children something for which to strive, thus helping to keep the work of a high quality.

Supplementary books have been purchased which give new material with which to work and keep up the interest.

Last year the upper grade pupils in Murrayfield School joined several millions of others in listening to Dr. Walter Damrosch's course in music appreciation over the radio. It was impossible to obtain the best results without an opportunity to follow up these programs. This year phonograph records have been purchased which will facilitate the memorizing, appreciation and better knowledge of good music.

For the first time in several years an operetta "The Belle of Barnstapole" was given last May by the high school chorus.

It is expected that a group will be selected from the high school chorus to take part in the Junior Music and Folk-Dance Festival, to be given in the Colosseum at the East-

ern States Exposition Grounds, under the auspices of the Kiwanis Club of Springfield on May 17.

Each year some musical organization of the high school furnishes the music for graduation, the one chosen last June being the Glee Singers.

HOUSEHOLD ARTS

The classes have been small, 13 and 9 students in the 8th and 9th grades respectively. This is advantageous as it allows plenty of time and room for individual work, thus forcing the students to do their best and get the most from the course.

The first half of the year has been given entirely to Foods work. It is both easier and better economically to have this part of the course in the Fall semester; the former because of readier concentration of supplies in limited space, and the latter because of availability of Foods experience to lunch-room work throughout the year. The classes in food study and preparation of meals have been very responsive, and it is felt that they have done good work.

The second part of the year is to be given to the selection and construction of clothing. It is the plan to attempt a project in the renovation of old clothing. This should be good training as it will teach economy as well as suitability and construction. It is in line with the current necessity of the times, and will be practical as well as interesting.

MEDICAL AND SCHOOL NURSING SERVICE

Number of days service	30
Number of classroom inspections	69
Number of exclusions	13
Number of classroom talks	14
Number of times weighed and measured	3
Number weighed and measured	159
Number not gaining	10 out of 159

Number losing	3 out of 159
Number of consultations	179

(Parents, 29; Teachers, 64; Pupils, 71; Others, 11)

Number of home visits for correction of defects 59.

Assisted Dr. Frank Upton with the Dental Clinic in June, followed by clinic service. Number examined 294.

In July one boy was sent to Camp Fredericke Edwards, formerly Camp Hodgkins, for a period of six weeks.

A pre-school clinic for immunization and vaccination was held in May for pupils entering school for the first time in September.

Number immunized 8

Number vaccinated 12

The State Chadwick Clinic for Tuberculosis in follow-up work was held in October.

Number of complete examinations	18
---------------------------------	----

Number of X-Rays taken	18
------------------------	----

Number of children discharged from the clinic by clinic physician	2
--	---

On October 9th, the parents came and were present at the examinations to consult with the clinic physician.

VISION-HEARING TESTS

	High	Murrayfield	Total
No. of pupils examined	154	160	314
No. found with defective vision	6	4	10
No. found with defective hearing	1	0	1
No. of parents notified	7	4	11

Assisted Dr. Huffmire with the yearly physical examinations in November.

Number examined 281

Defects found

Tonsil-Adenoid 24

Heart 1

Parents were notified of need for further care and correction.

DENTAL CLINIC

A. Examination:

School population	333
No. children examined	294
No. children found with dental defects	257

B. Correction of Defects:

No. of children receiving dental certificates from	
school dentist at time of examination	37
from clinic	41
from family dentist	none

C. Dental Clinic Work:

Cleanings		28
No. children receiving dental care		63
	Temporary	Permanent
Fillings	8	92
Extractions	11	13
Total No. operations		152

In May and November immunization against diphtheria took place.

In May 150 out of 318 received treatment, only six out of 150 were found positive and given three injections of Toxin-anti-toxin.

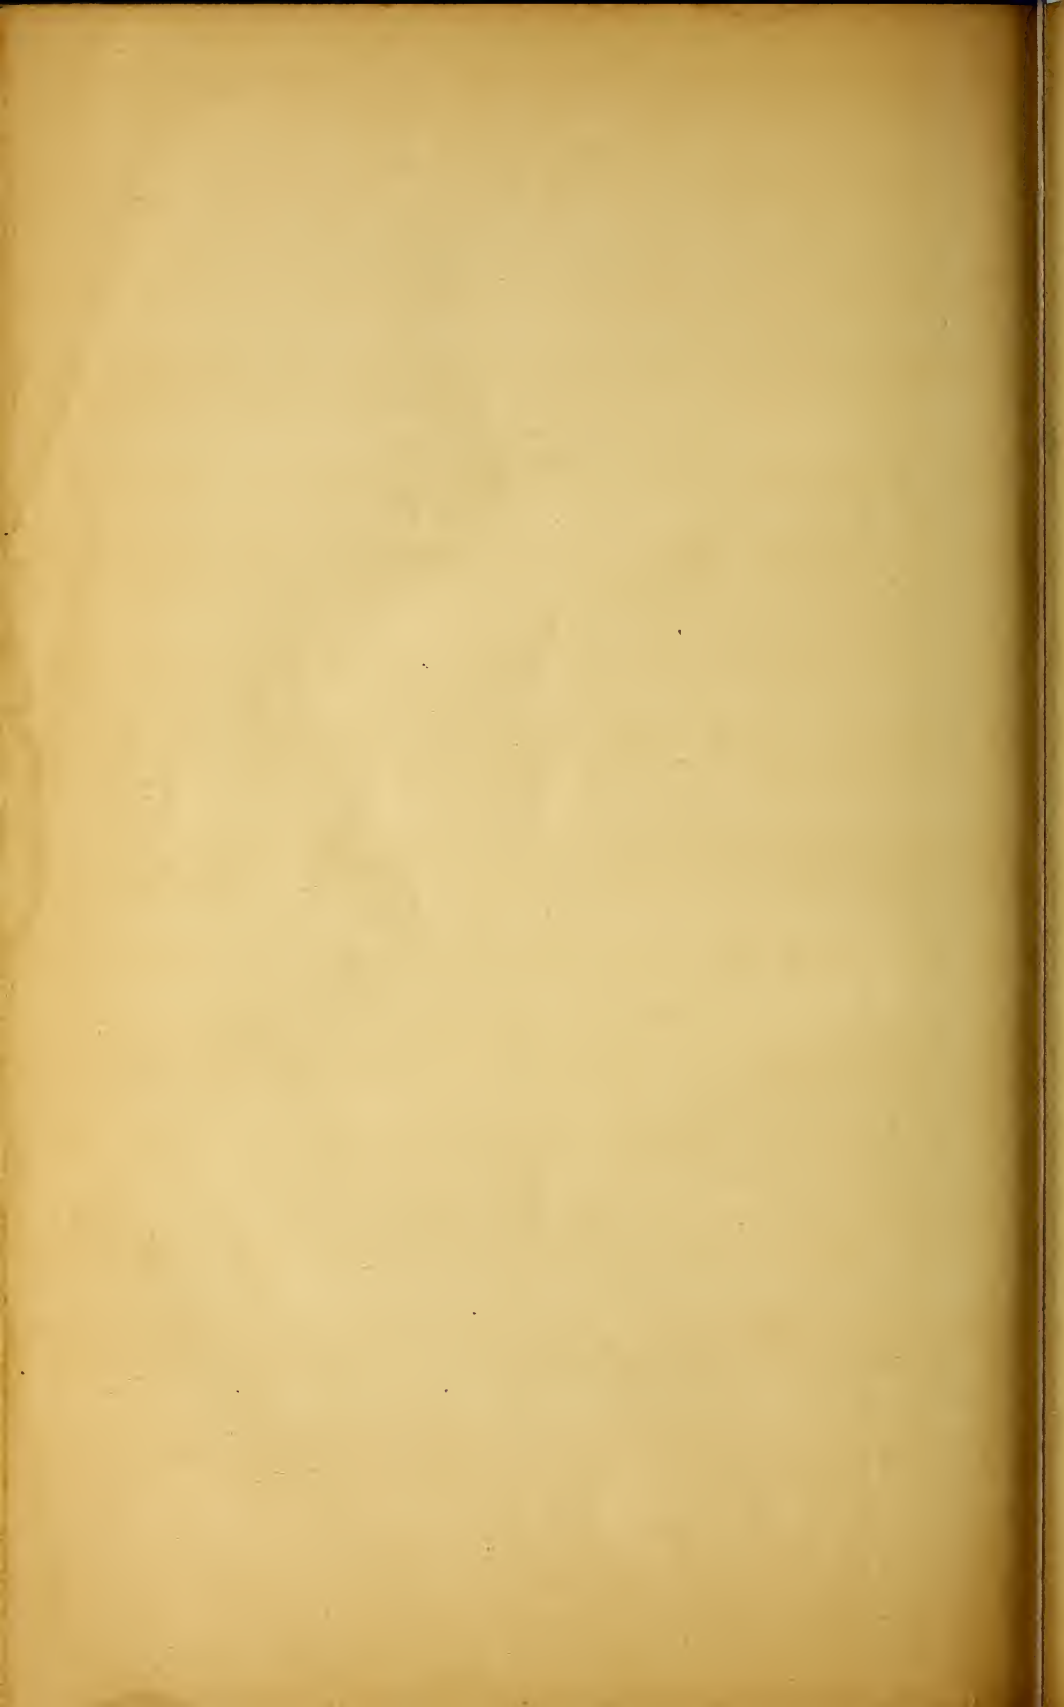

In November 127 out of 318 were re-schicked and none found positive.

I should like to express my appreciation to the School Committee, parents and teachers for their cooperation during the past year.

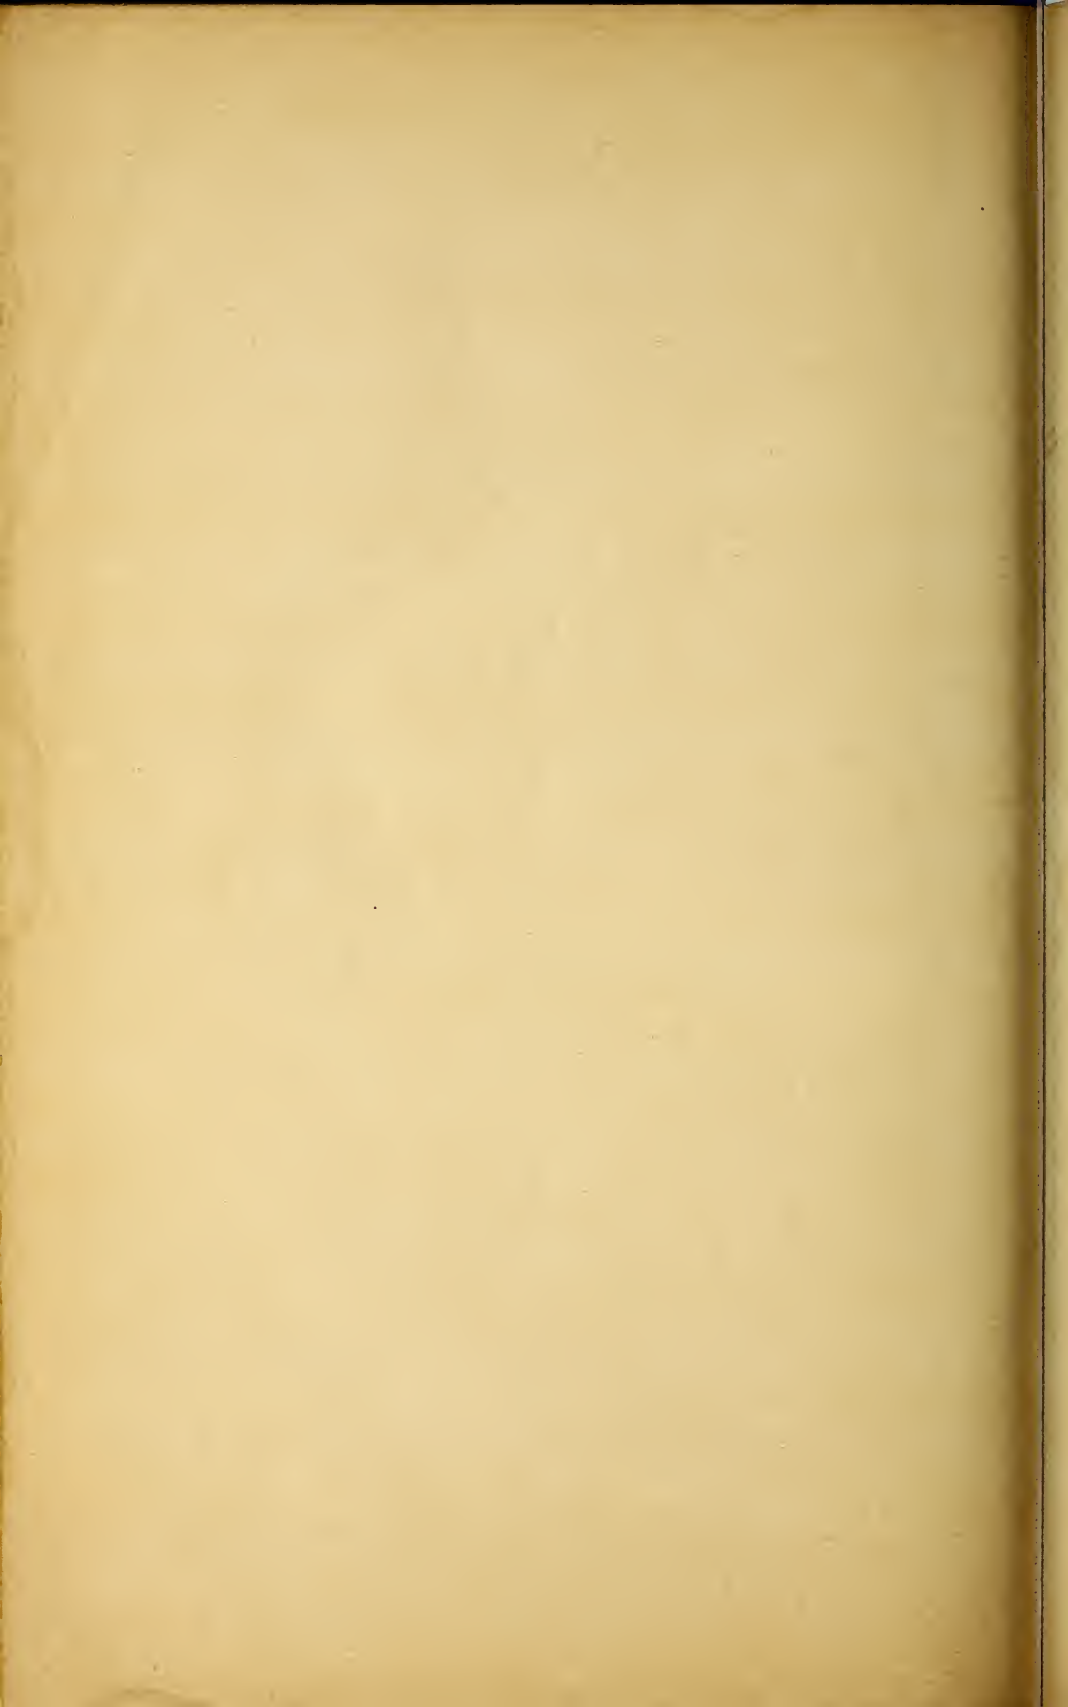

Respectfully submitted,

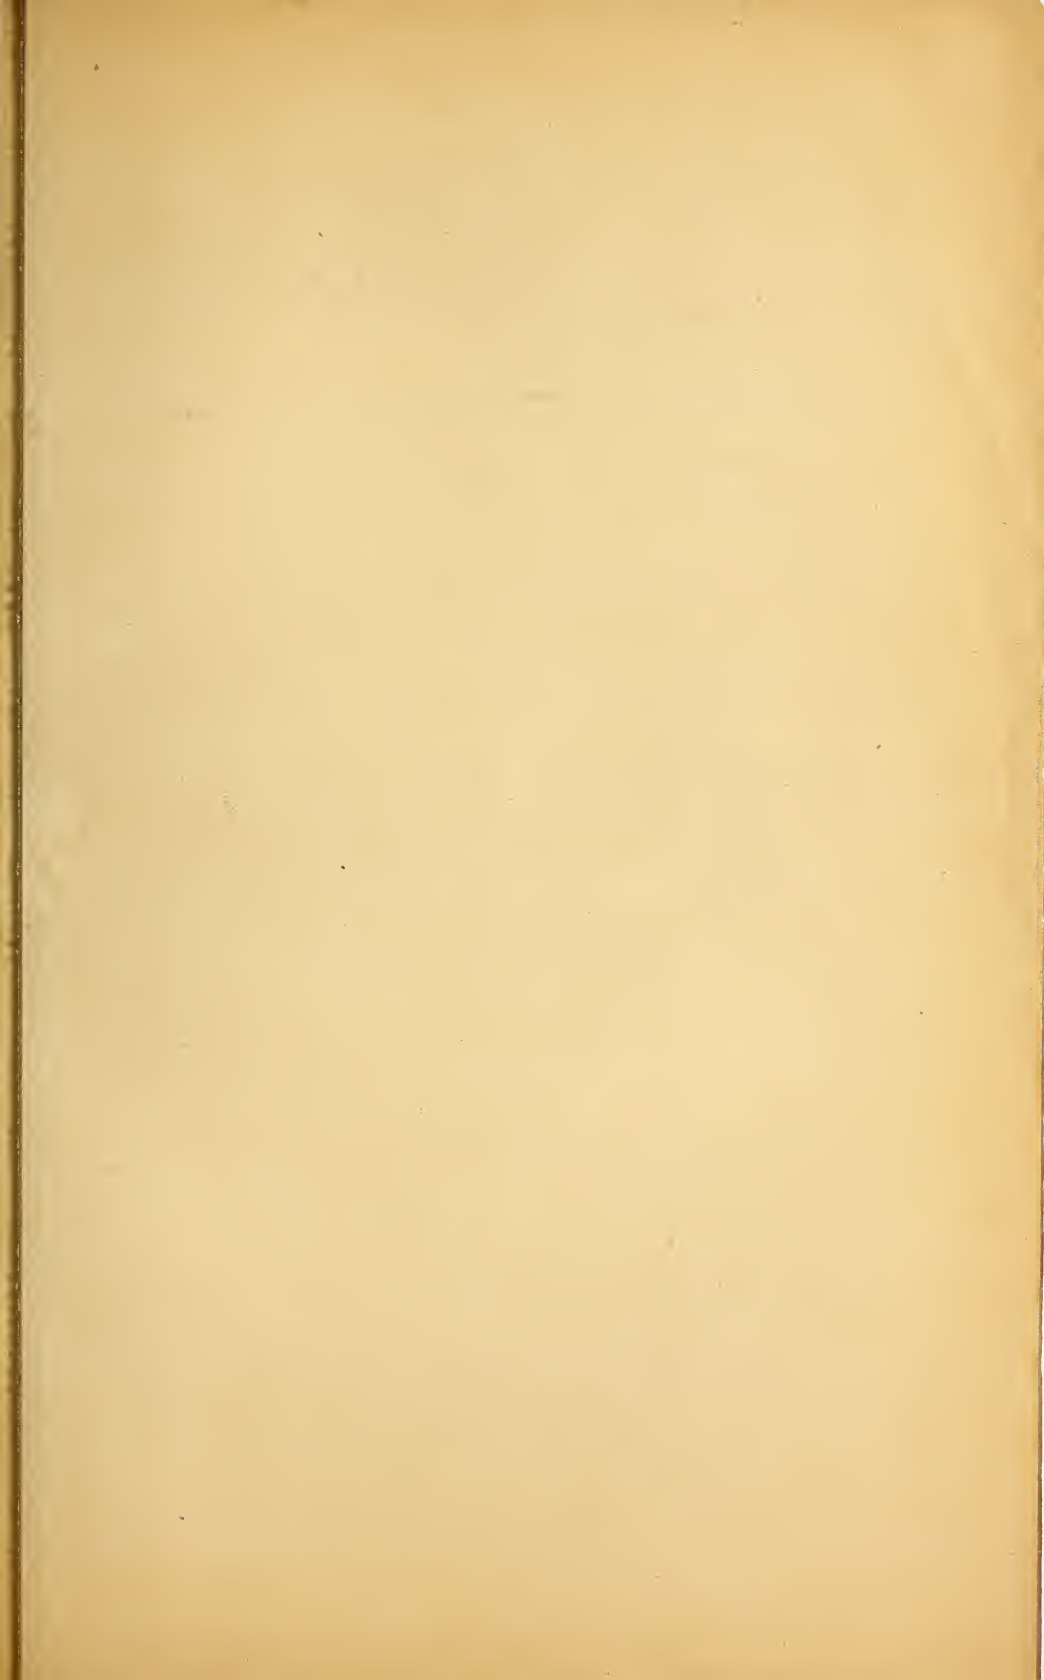

LEON M. ORCUTT,

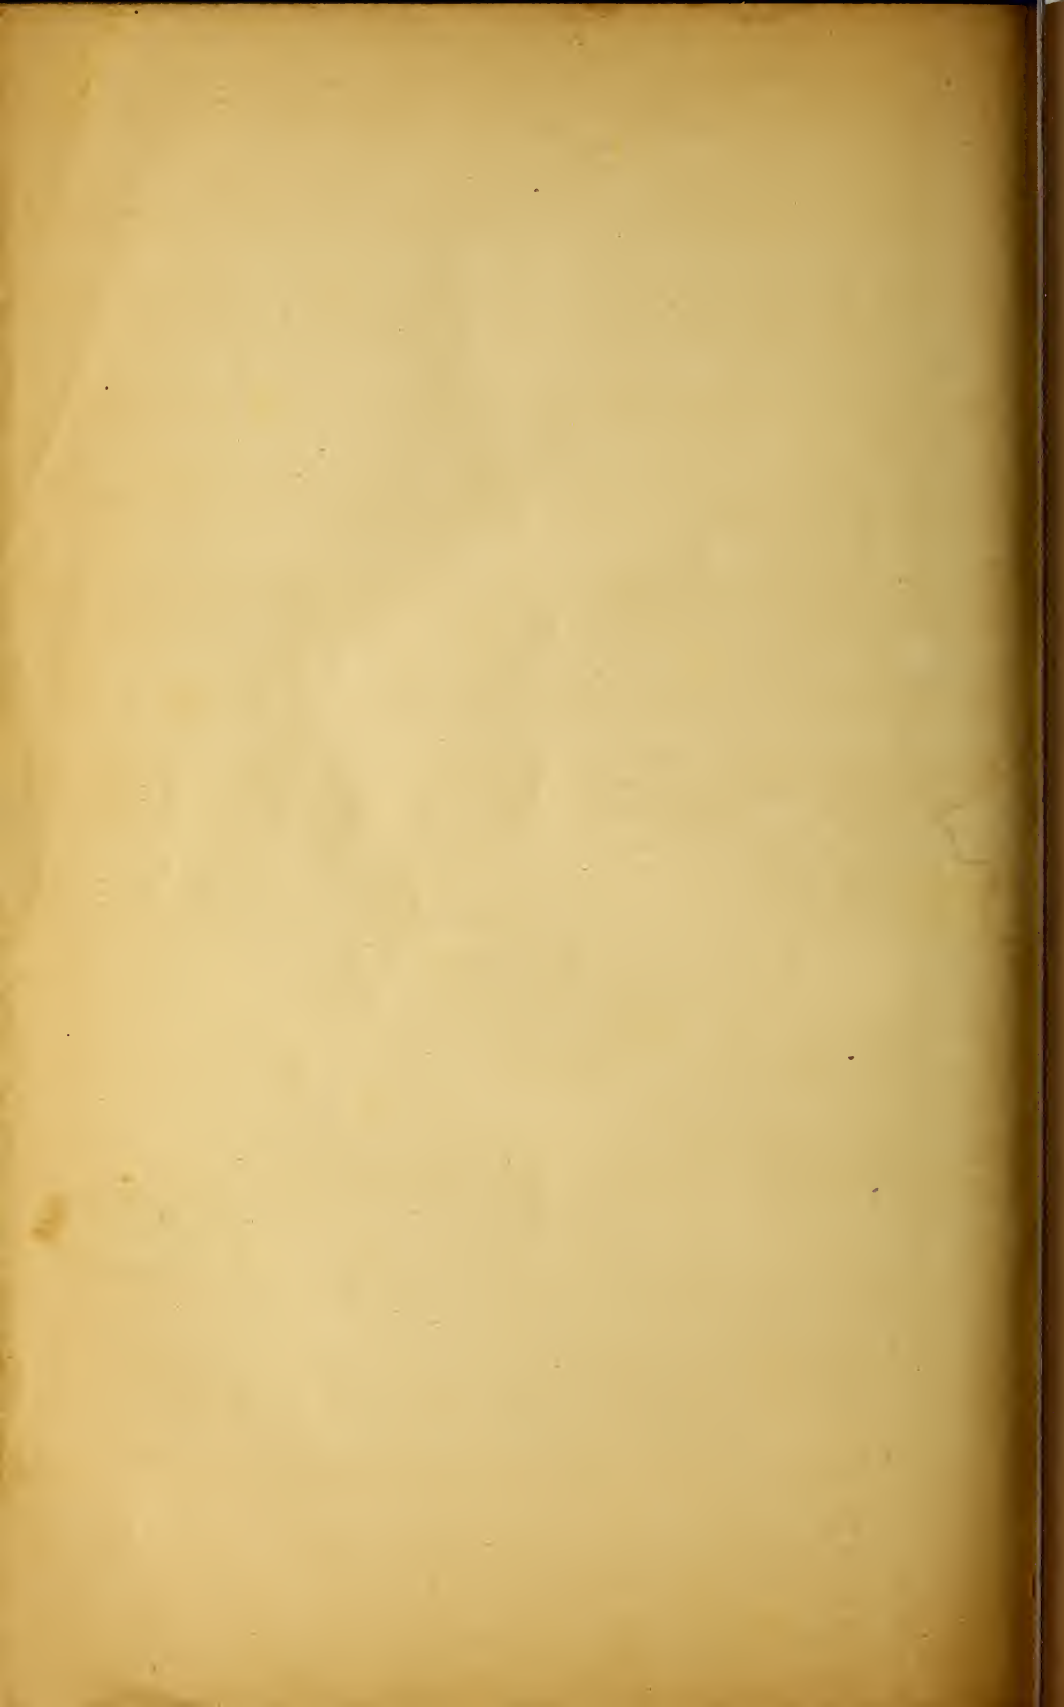

Superintendent.
